

Dr. William M. (Bill) Bass III is a Diplomate American Board of Forensic Anthropology (D-ABFA), *world renowned*, and is Professor Emeritus from The University of Tennessee, Knoxville. After years of dedicated service, The University of Tennessee has built a new forensic center in his honor: “William M. Bass Forensic Anthropology Building”. Dr. Bass is a third generation in his family to have an education building name after him. The new facility is located below the current "Body Farm". Dr. Bass has the largest skeletal collection of modern skeletons in the U.S. and has started a cremains collection as well. Dr. Bass is a legend in forensic circles. In 1980, he created the world's first laboratory devoted to human decomposition: The University of Tennessee's "Body Farm". Dr. Bass has written or co-authored more than 200 scientific publications, many of them based either on the research facility's work or on actual cases he has helped solve and prosecute. During half a century in the classroom, Dr. Bass has taught thousands of students, including many of the foremost forensic anthropologists practicing in the United States today.

Dr. Bass continues to be active in the forensic field by lecturing, testifying at trials from past cases and consulting on current ones from all over the U.S.

Dr. Bass and co-author, Jon Jefferson, have written nine books, and as of 2014 signed with Harper Collins for more book in [2016]. *Death's Acre*, *Carved in Bone*, *Flesh in Bone*, *Beyond The Body Farm*, *The Devil's Bone*, *Bones of Betrayal*, *The Bone Thief*, *The Bone Yard*, *The Inquisitor's Key*, *Jordan's Stormy Banks*, *Cut to the Bone* and *The Breaking Point* releasing [2/17/2015]. Dr. Bass has been immortalized by novelist Patricia Cornwell in “The Body Farm” as [Dr. Lyall Shade]. From the Lindbergh baby, The Big Bopper, current and cold cases, Dr. Bass turns each one into a learning experience and helps bring answers and closure to the victim's family and loved ones.

Come prepared to ask questions and learn how forensics have changed and improved over the years.
